

PROGRAM REVIEW STEERING COMMITTEE

SPRING 2020 ANNUAL UPDATE

COMMITTEE FEEDBACK REPORT

DEPARTMENT/PROGRAM: Automotive Technology and Electronics
 AUTHOR: Brad McCombs, Ignacio Castaneda Garcia, Larry McLemore

SECTIONS	Initial	Evolving	Established	Comments
Section I: Program Overview and Update		X		The department provided a detailed update on recent staffing changes, equipment and facilities changes, class scheduling, and distance education innovation, particularly with the Ford ASSET program's new distance education grant.
Section II: Assessment & Student Achievement				
A.Student and Program Learning Outcomes Assessment	X			SLOs have changed and were updated through the Annual Update. Analysis of the SLOs was not provided, but results were noted and a request was made to allow additional attachments. The department noted that the PLOs in the catalog are not up to date and that new PLOs need to be established and published.
B.Student Achievement		X		Steps are being made to improve student equity. No discussion of student equity data was provided to add context to these action plans.
C. Distance Education				An analysis of the data comparing face-to-face vs. online still needed to strengthen this program review.
Section III: Previous Goals				No Previous Goals were updated. No information on the two New Goals set forth in the Automotive Spring 2019 program review annual update was provided. Programs should report the status and other applicable information

				for all previous and new goals that were not deleted or completed per the Spring 2019 program review.
Section IV: New Goals	X			The program did not propose any New Goals. If the program has completed or deleted its previous goals, it would be helpful to see some new goals for the program - the programs Previous Goals (from Spring 2019) were not updated.
RESOURCE REQUESTS LINKED TO PROGRAM REVIEW GOALS				

Commendations: The Committee commends the program on its innovative distance education work and grant project collaboration across the state.

Recommendations: The program should provide an update on all previous goals and if all previous goals are being deleted or have been completed, new goals (at least one) should be identified and described for planning purposes.
