

Cuyamaca College Department Plan for Laboratory for Summative Hands on Testing

Brad McCombs Faculty Revision 2-5-19

The department laboratory will be designed to accomplish the following goals:

1. The laboratory assignments will be designed to accomplish all the NATEF competencies for each course.
2. The laboratory will include summative objective testing. The hands-on tests will be standardized. Therefore, program learning outcomes and student learning outcomes will be evaluated for increased efficiency and student knowledge skills and abilities.
