COLLEGE TECHNOLOGY COMMITTEE

Charge
The College Technology Committee (CTC) reports to the Cuyamaca College Council (CCC) and provides a forum for the discussion of current and emerging technology issues, trends, innovations, changes and needs related to campus technology. This committee is responsible for creating the college Technology Plan and ensuring that it supports the strategic priorities as outlined in the institutional planning documents. These priorities are intended to advance and improve student success and equity. The committee reviews and ranks technology requests submitted through the Program Review process, and based on these rankings, produces a report outlining the recommended college technology priorities for the following year. The committee makes recommendations regarding off-cycle requests, endorses priorities for purchase of instructional and administrative technology and recommends policies and procedures on the utilization of technology and related resources, including ADA and Accessibility standards, and technology affecting the academic, administrative and operational environment. The committee forwards recommendations to CCC, Academic Senate and district technology committees as appropriate and implements technology recommendations utilizing established college processes.

Meeting Schedule
Second Friday, 1:30–3:00 p.m.
