

My name is Camille Jack and it would be my honor to serve as your Part Time Faculty- Student Services or Part Time Faculty At Large Senator. I believe that Faculty participation in the governance process is not only our duty but is vital to the strength and growth of our College Community. In order to serve our students to the best of our ability, it's important for faculty across the campus to be involved in institutional planning, the implementation of academic programs and the creation of an environment where students, faculty and staff can thrive in physically and mentally.

My time here at Cuyamaca College has afforded me the opportunity to Counsel students in General Counseling in conjunction with being the current Umoja Coordinator /Counselor. I've been an adjunct at the College for 8 years in which I've made it my duty to continuously stay abreast of student equity issues by being on the planning committee for the Social Justice Conference and creating the Black Consciousness Conference on campus, as well as participating in numerous student equity seminars on and off campus. I'm also a Member of the AFT Part Time Committee to ensure that representation of Adjunct needs and concerns are heard and addressed. I also participate in the Search and Interview Hiring Committees for the campus and district because it's important that Adjunct Faculty representation is involved in all aspects of the College.

Thank you very much for your consideration to represent you on Academic Senate for the 2023-24 Academic year.

Thank you,  
Camille Jack
