# JUMPSTART

Pathway Academy hosted its second annual Jumpstart event in May and June of this year. The purpose of JumpStart is to facilitate a smooth transition for new Freshmen students to prepare them for their first academic year at Cuyamaca College. This event consists of a financial aid workshop, facilitated by Michael Allen, and registration workshop as well. We also had a Meet and Greet session where students had the opportunity to interact with their instructional counselors and future classmates. The JumpStart event is a holistic approach that provides students with a clear guided pathway to complete the matriculation process that connects students directly with our college's student support services.
